Clogging is a blend of dance which includes the cultures of Scottish, Irish, English, German, American Indian and Black. The American form of Clogging began in the Appalachian Mountains and dates back to the 1800's. Clogging is very popular in the South and Southeast. There are only a few groups in Northern Indiana and it is our desire to let people know that clogging is in our area and to allow the people of Northwest Indiana the opportunity to experience the performance and participation of clogging. We want to see it grow. The Good Time Cloggers has a wide age span. There are three age groups at our performances. The age groups are: 6-11 years old, 12-17 years old, Adults. Each of the age groups will demonstrate the dance and sound of clogging. As part of our program, we will show line dances, hoedown and circle dances. A part of the program will be for audience participation with the children and adults having separate opportunities to participate. We want everyone to have an opportunity to enjoy and be a part of what we do. As our name implies, we are respectfully "**THE GOOD TIME CLOGGERS**".

The South Haven Jaycees will sell driver sponsorships for the 1992 Portage Grand Prix Jamboree. Two 11 x 17 inch signs, which will be placed on the race cars, will sell for \$35. Ads may be purchased by businesses or individuals and will feature the business's logo, special letters or short message. The ads would make a unique Father's Day gift.

Part of the ads' cost will be used by the Jaycees to help fund future community projects. Contact Bill Durkin at 759-2050 for more information.
